COLLECTION MANAGEMENT POLICY

PHILOSOPHY

- The Gilpin County Public Library collection is intended to serve the broad range of needs of the patrons who frequent the library, and therefore contains a variety of materials and formats to accommodate the users. The collection may contain original, critical and different ideas, any of which may not appeal to the entire community. The inclusion of an item is not to be considered an endorsement by the library. The library neither approves nor disapproves the views expressed in materials included in the collection. The library cannot exclude all materials that could result in mental or physical injury to some individual, since theoretically any material could be harmful to someone if improperly used.
- The library upholds the principal of free and open use for all. Materials in the collection are arranged in a way to facilitate access to the information. They are not marked or identified to show approval or disapproval of contents. Responsibility for the reading, viewing and listening of children and young adults rests with their parents or legal guardians.
- The library is opposed to the removal, at the request of any individual or group, of materials which have been chosen according to the materials selection policy. The Selection Policy will be used at all times to support the inclusion of materials to the collections.
- Library patrons of the Gilpin County Public Library may question the presence of an item in the library's collection by following the "Statement of Concern" process.
- The materials budget will be allocated to fulfill the library's goals as stated in the Selection Policy. Funds will be allocated among the various collections to meet the mission and service goals of the library.

SELECTION POLICY

General Collection:

The general collection includes adult and children's fiction and nonfiction and reference works. Materials are purchased in other formats to meet the needs of the library's users.

The collection guidelines related to service roles include:

2. All media formats are licensed for home use; it is the responsibility of the borrower to comply with public performance regulations.

Foreign Language Materials

Foreign language materials will be acquired as funding is available and as interest in the materials increases.

STATEMENT OF CONCERN

Library staff makes every effort to select materials that will appeal to the wide range of interests, points of view and reading or viewing levels of those in the community. Staff also recognizes that at times a particular item may conflict with an individual patron's beliefs or taste and that a patron may ask staff to reconsider this item. In order to accommodate a patron's concerns about an item, they may use the Library's "Statement of Concern About Library Resources" procedure to express their views and to suggest a remedy that they might want.

Intellectual Freedom

Freedom of speech, as provided for in the United States Constitution, is vital to maintaining a free society. Essential to this is the ability to see, hear, and express different ideas and viewpoints.

The Library upholds these rights and adheres to the American Library Association's Library Bill of Rights. Every individual holds beliefs and values which may at times be in conflict with those of others. Citizens do have the right to request reconsideration of Library resources.

Concerns about Library Resources

Upon submission to the Library Director of a completed "Statement of Concern about Library Resources" form, the Director will conduct a staff review of the selection process and criteria, the objections raised, and the actions requested.

The Director will then submit a recommendation regarding the statement of concern form to the Library Board members so that the matter may be considered by the Board no later than its second meeting following receipt of the form.

The Director will notify the person submitting the form of the time and place of the Board meeting at which the matter will be discussed, invite them to attend the meeting, and provide a copy of the staff recommendation.

The Board's action on the "Statement of Concern about Library Resources" is final.

INTERNET USAGE POLICY

The Gilpin County Public Library (GCPL) provides free access to the Internet and its resources for all library users. GCPL strives to develop collections, resources, and services that meet the cultural, informational, educational, and recreational needs of our community. The Internet, as an information resource, enables GCPL to provide information beyond the confines of its own collection. It is within this context that GCPL offers access to the Internet.

GCPL does not censor access to materials or protect users from Internet-based information. The library does not filter, monitor, or control the content of the material accessed through the Internet and cannot be held responsible for its contents. GCPL believes that the reading and viewing activity of children is ultimately the responsibility of parents who guide and oversee their own children's development. The Gilpin County Public Library does not intrude on that relationship, except when mandated by law.

Privacy:

GCPL champions the protection of personal privacy. GCPL will keep confidential all such information that it purposefully or inadvertently collects or maintains to the fullest extent permitted by state and federal law.

- The Internet is not a secure medium. Email is not necessarily secure against interception.
- The Library does not monitor an individual's use of the Internet. Computer stations are programmed to delete the history of a user's Internet session at the end of every day.
- In accessing various Internet sites, please be conscious of others in your vicinity, particularly children.
- GCPL does not provide information about patrons' library records, use of other GCPL materials, or use of the Internet to law enforcement officials without an appropriate court order.

Rules and Responsibilities for the Public:

Use of GCPL's equipment for the transmission, dissemination, and/or duplication of information must comply with federal and state laws. GCPL expects all users to comply with such laws, including but not limited to those related to copyright, computer hacking, and child

pornography. Computer users will also refrain from any activity that unreasonably interferes with GCPL patron/staff comfort, safety, use or quiet and peaceful enjoyment of the library.

MEETING ROOM USAGE POLICY

PURPOSE:

The Library welcomes the use of its meeting room by community groups in Gilpin County for civic, educational, and cultural activities and discussion of current events. The room is not available for purposes where, in the judgment of the library director, disorder and substantial disruption of the functioning of the Library are likely to occur. The rooms may not be used for purely social purposes or for regular business operations. Library programs, including fundraisers organized by the Friends of the Gilpin Library, will have first priority for use of the room.

FEES:

The Library reserves the right to make fee determinations. No meeting room fee will be charged for the use of the meeting rooms by the following groups: 1) library-sponsored and co-sponsored programs; 2) government-related meetings, including Gilpin County Government, the State of Colorado, and the federal government, as well as elected officials at any of these levels of government; 4) nonprofit groups; (5) tutors offering one-on-one or family sessions.

For-profit businesses/organizations are charged a fee for use of the meeting rooms. Non-profit organizations and community groups that will be charging an admission fee, selling products, or fundraising within the confines of the meeting room are also charged a fee. The Library reserves the right to allow admission charges and/or the sale of products by any entity presenting a program sponsored by or with the Library.

Payment due on day of meeting/event:

\$75 per 2-hour block, not to exceed \$300 for full day.

GUIDELINES:

1. The public must be welcome when no meeting room fee has been charged. If a meeting room fee has been charged, the group reserving the room may close the meeting to the public. Gatherings that pertain to internal Library/Government work-related activities are not open to the public.
2. A reservation for the meeting room shall be made with the library director at least 24 hours prior to the desired time of use of the room. Cancellation of a reservation must be made to a library employee at least 24 hours prior to the scheduled use of the room.
3. There will be no damage deposit, but individuals and groups will be responsible for the care of the meeting room. If there is noticeable damage, or if extra cleaning is necessary after the meeting room is used, the library director will assess a reasonable charge for

the cost of repair of the building, or repair, cleaning, or replacement of furniture, fixtures, or equipment.

4. An authorized member of the group must sign the meeting room reservation form. Reserving the room constitutes acceptance of the Library's meeting room usage policy.
5. Posters, signs and other related items may not be attached to the walls or doors without prior approval of the library director, and these approved items must be removed at the conclusion of the meeting or program.
6. Any publicity, including brochures, flyers, radio and TV announcements, newspaper ads, etc., must carry the name and phone number of the individual or organization sponsoring the meeting. The Library logo, website and phone number may not appear on the publicity. The Library may not be identified or implied as a sponsor. All publicity material must include the following disclaimer: "Use of Library meeting space does not constitute endorsement of this organization, group, or program by the Gilpin County Public Library."
7. Light refreshments may be served if the kitchenette (range, microwave, refrigerator, sink and counter) is left in an orderly condition after use. No alcoholic beverages may be served. Each group shall provide its own serving utensils. The library will not provide storage of individuals' or groups' personal items.
8. It is the group's responsibility to leave the room clean and orderly. All waste materials, including leftover food, must be removed after meeting room use.
9. Maximum capacity of the meeting room is fifty (50) persons.
10. If audio/visual equipment is used, the user must arrange time to be trained on how to operate the equipment. It is not the responsibility of the Library staff to operate the equipment.
11. Children's and youth groups may use the facility, provided that they are adequately supervised by adult sponsors.
12. Any exceptions to this policy must be authorized by the library director, who may do so after consultation with the Library Board of Trustees.

FAILURE TO COMPLY WITH GUIDELINES OR ABUSE OF ANY OF THE ABOVE-MENTIONED PRIVILEGES WILL RESULT IN SUSPENSION OF RIGHT TO USE.

DONATIONS POLICY

The Gilpin County Public Library exists for the use and enjoyment of all members of the community. Interest and support from the public are greatly appreciated. Donations of material or money for the purchase of library materials, equipment or facility enhancement are welcomed, however, the library reserves the right to decide what material is accepted and the disposition of all donations.

Donations of Library Materials:

1. The library accepts donations of books and other library materials but reserves the right to evaluate and dispose of them in accordance with the criteria applied to purchased library materials.
2. As a rule donated materials will not be accepted as payment for lost or damaged library material or fines. However, exact copy replacement of a lost or damaged item will be considered if the replacement copy is in new or near-new condition.
3. Acknowledgement in the form of a receipt or note will be issued on the request of the donor. No dollar amount will be attached to the donation on the receipt or note, but simply the description (quantity and type of material) of the donation.
4. Donations of library materials which do not meet the library's objectives and policies will be refused.
5. No conditions may be imposed on the library in its acceptance of any material for its collection.
6. All donated material becomes the property of Gilpin County Public Library.
7. The library does not pick up donated material or pay transportation costs.
8. Material donations are accepted with the understanding that if the library cannot use them, the library may at any time dispose of them in any way it sees fit.

Donations of Equipment:

1. The library will not accept donations of equipment unless the equipment satisfies a definite need or is necessary for the development of a program or establishment of a collection.
2. All donated equipment becomes the property of Gilpin County Public Library.
3. The library may pay transportation costs for donated equipment if the Library Director, after consulting the Library Board, deems it appropriate.

Memorial Donations:

1. Many library users wish to make donations in the form of memorial books. The Library Director must approve the selection of titles.
2. A letter of appreciation for the donation will be sent to the donor, and, if requested, to other family members. A memorial plate may be affixed to the item(s) if this is the desire of the donor.

Monetary Donations:

1. Monetary donations are welcomed by the library. In order to ensure the donor's intent is met, monetary donations should be made to the Library's fundraising arm, the Friends of the Library. Receipts for monetary donations are issued by the library.
2. Monetary donations can be allocated to the specific areas of the library collection, to equipment or to facility enhancement. The library reserves the right, however, to not accept a monetary donation if the request is for items deemed unsuitable or inappropriate for the library.
3. Unallocated donations will be divided equally among the departments (adult collection, children's area, videos, etc.). At the discretion of the Library Director, unallocated donations can be used for special projects for the enhancement of the collection, the purchase of equipment for public use, or the enhancement of the facility.
4. Monetary donations are deemed to include any charges for the acquisitions, cataloging and processing of library items purchased with the donation.

Acknowledgements:

1. All donations for which the donor does not request anonymity will be acknowledged by the Library Director by letter or telephone call.
2. When a prestigious donation is received, if the donor consents, appropriate publicity will be arranged. This results in favorable public relations and general goodwill.
3. Donated library materials or equipment purchased specifically for the library or with money donated to the library may be acknowledged by affixing a book plate or other name plate to the material or equipment.

UNATTENDED CHILDREN POLICY

The staff of the Gilpin County Public Library are happy you are visiting with us. We are concerned about the safety of all library users, especially children. We strive to make the library an enjoyable place to visit so that you, your family and friends will want to return many times.

Library staff members cannot, however, supervise children or function as substitute babysitters. Parents and responsible persons need to be as careful of their children's safety in the library as they would be in a shopping mall or any other public building. Children can easily wander out the door, into parking lot or highway. They can be injured by swinging doors or by falls from furniture.

The Board of Trustees of the Gilpin County Public Library has, therefore, established the following policy on unattended children for the library:

It is the policy of the library to provide a safe and appropriate environment for library users of all ages. The library is, however, a public building with staff trained to provide public library

services. The library is not equipped, nor is it the library's role, to provide long-term or short-term day care for children of any age. Aside from the planned programs, services, and activities designed for specific age groups, the library's staff is not responsible for supervising or tending to the needs of individual users or groups of users. Parents are responsible for the behavior of their children in the library, whether or not the parents are present.

Accordingly, children under the age of 10 must always be accompanied by a parent, guardian, or responsible childcare provider while in the library. If a child under the age of 10 is attending a library program or activity, the parent, guardian, or responsible childcare provider must remain in the immediate area throughout the program.

In general, parents of any minor children should not leave them unattended for long periods at the library. This is especially important in the evening. The library closes at 8 p.m. (Tuesday and Thursday), or at 6 p.m. (Wednesday and Friday), or at 4 p.m. (Saturday), and children should be picked up no later than five minutes before closing time.

Special closing time procedures for unattended children, under 18 years of age:

1. An attempt will be made to call the parents. If a parent is contacted, insist that the child be picked up immediately.
2. If a parent cannot be reached, the sheriff's department will be contacted, with the request that someone pick up the child.
3. The librarian (or staff member) in charge, and one other staff member will remain in the building with the child until parent, guardian, or deputy arrives.
4. A copy of the library policy on unattended children will be handed to the child's parents, or to the child.
5. Under no circumstances shall a staff member take a child out of the building, or offer the child a ride home.

FREE SPEECH & OTHER ACTIVITIES ON LIBRARY PROPERTY

SOLICITORS, PEDDLERS AND OTHERS WHO SEEK TO SELL GOODS OR SERVICES OR ENTREAT LIBRARY PATRONS OR STAFF

Solicitation, advertising, promotion, vending, peddling or product sampling is not allowed. The Library District prohibits all such activities on Library property, as it may interfere with the use or enjoyment of the Library by Library patrons. The Gilpin County Public Library District does not endorse, sponsor or support products, services, persons or groups unless related to Library service or management.

The Library occasionally receives requests from patrons or staff to conduct or endorse fundraising events or to provide public space for donation collection boxes. The Gilpin County Public Library District does not sponsor nor endorse the fundraising activities of other organizations, although periodically the Library may cooperate with local community charitable groups or service clubs to support community endeavors.

PETITIONING AND OTHER FREE SPEECH ACTIVITIES ON LIBRARY PROPERTY

The Gilpin County Public Library District offers a limited public forum for free speech activities. In order to ensure normal operations of the Library, we enforce the below guidelines related to free speech activities on our property:

Free speech activities include, but are not limited to petitioning, leafleting and/or campaign activities. Inside the building, free speech activities are only allowed in the meeting room subject to the Meeting Room Usage Policy. Such activities cannot create a dangerous condition, interfere with access and use of the library, damage property or create unnecessary maintenance expense for the Library. Library walkways and grounds provide appropriate public places for the exercise of the right of free speech. Those exercising free speech rights outside the building will limit their numbers to two individuals and shall remain 15 feet away from the entrance doors.

Those exercising their free speech rights may not engage in the following activities or actions. Violations may result in the revocation of the right to utilize Library property:

1. Hindering, impeding or blocking the passage of Library patrons, employees or visitors;
2. Continuing to impose upon, follow, shout at or against, mark for approach by others or otherwise press an issue after having been advised of the patron's, employee's or visitor's lack of interest or opposing viewpoint and desire to be left alone;
3. Surrounding or making serial approaches to a patron, employee or visitor;
4. Inciting or promoting arguments with or among Library patrons, employees or visitors;
5. Inciting or promoting imminent acts of violence;
6. Presenting, imposing or otherwise impressing upon patrons, employees or visitors obscene materials or materials;
7. Failure to abide by the restrictions placed on charging an admission fee, selling products, or fundraising, as stated in the Meeting Room Usage Policy.

DISPLAYS BY THE PUBLIC ON LIBRARY PROPERTY

Unmanned campaign posters, banners, yard signs and other outdoor displays (not sponsored by the Library District) shall not be posted, exhibited or left anywhere on Library District property. The Community Bulletin Board also may not be used for the display of political material. Such displays will be removed without notice and disposed of by Library personnel.

POLITICAL PROGRAMS AND DEBATE

The Library District or other organizations/individuals may schedule political programs or debates to help inform voters about issues or candidates in an election. Appropriate campaign material literature may be distributed by the program/debate participants as part of the program or debate.
