REQUEST FOR RECONSIDERATION

Library staff makes every effort to select materials that will appeal to the wide range of interests, points of view, and reading or viewing levels of those in the community. Colorado law prohibits discrimination based on age, background, political or religious views, origin, disability, race, color sex, sexual orientation, gender identity, gender expression, marital status, national origin, or ancestry in the selection, retention, display, use, or reconsideration of Library resources.

Concerns about Library Resources:

Individuals who would like to request the reconsideration of library material or resources may submit a "Request for Reconsideration" form provided by the library. Individuals making the request must reside in the service area of the library in which the request is made. Library material subject to a reconsideration request must remain in the library and available for patrons during the reconsideration process

Upon submission to the Library Director of a completed "Request for Reconsideration" form, the Director will conduct a staff review of the selection process and criteria, the objections raised, and the actions requested.

The Director will then submit a recommendation regarding the request for reconsideration form to the Library Board members so that the matter may be considered by the Board no later than its second meeting following receipt of the form. This form is not considered a user record; therefore, it is an open record under the "Colorado Open Records Act" and identifiers of the individual will not be redacted during the public meeting.

The Director will notify the person submitting the form of the time and place of the Board meeting at which the matter will be discussed and invite them to attend the meeting and provide a copy of the staff recommendation.

The Board's action on the "Request for Reconsideration" is final. The Gilpin County Library District will not reconsider the same library resource more than once every five years.
